Cliff,

This will work for UP. Also, my emails to Sarah
(even the ones that are
replies to your emails) bounce back, does that happen
for anyone else's
emails?

Gail/Craig: Thanks for the input. I suppose without
UP's technical
people, there's no meeting on the SOW for the 15th.
Shall we say then
Jan 15 for the CD discussion and Jan 16 for the SOW?

By the way, we are socked in with snow in Seattle and
the Regional
office is closed today. Fortunately/unfortunately,
the Blackberry
service is still on-line.

I am available Jan. 14 - 16 and will hold all three
days. I need to
check again with BNSF personnel (Pam and Bruce).

Cliff,

Union Pacific's technical people cannot attend a
meeting in Seattle on
January 15th but could attend one on the 16th.

Thanks.

Counsel:

On our call yesterday, we agreed to hold our next
meeting in Seattle on

January 14-15, 2009. I understand that our government project managers may be unavailable on the 14th. So I am thinking that Jan. 14 will be focused on the body of the CD, with Jan. 15 focused on the SOW. Please let me know if this schedule cannot work for you or your clients.

Between now and then, I hope all gov't reps can complete a close review of the redline CD and SOW and will be prepared to discuss specific language. I also expect parties will give some thought to the major issues identified in our call yesterday. We have an aggressive schedule for completing this settlement (120-day moratorium expires Feb. 1, 2009; tolling agreement expires Feb. 28, 2009; field season '09 will approach soon after), so we need to make progress with this (and every) meeting.

If any questions, etc., between now and then, please feel free to give me a call.

For now, happy holidays one and all.
